

IPC App & Infinea Tab M Barcode Scanner/Reader

[IPC Support app](#) is used for configuring and troubleshooting the Infinea Tab M used with the [Delta SkyMiles iPad App](#).

[Infinea Tab M](#) is a 1D/2D barcode scanner and magnetic card reader designed for operational visibility on the iPad Mini.

1. Connect the Scanner to the iPad.
2. Open the IPCSupport app in the iPad.
3. Login with your Apple ID if asked – Most DeltaSC have created their own Apple ID. If you do not have an Apple ID, you will need to create one.

Configuration screen

IPC App & Infinea Tab M Barcode Scanner/Reader

4. Change **USB Charge Current** to “1A” on the **Configuration** screen. This will allow the charger to charge both the iPad and the Infinea Tab M Scanner.
5. Open the **Settings** app.
6. Sign out of your Apple account.
