

PayPlus Omni

# Accept cash and cashless payments more easily than ever

Provide increased payment versatility to satisfy a range of customers.

PayPlus Omni is a versatile cashless reader that mounts directly over your existing bill acceptor enabling you to accept cash and cashless payments in one, easy-to-use location.

## **Boosted sales**

Increase machine revenues by accepting both cash and cashless payments. Cater to more consumers and watch your sales soar.

## **Easy installation**

Say goodbye to drilling holes all over your machine. PayPlus Omni is built to fit over your existing bill validator, creating one place for your customers to pay.

## **Reliable hardware**

Powered by 4G LTE networks and utilizing the highest standards of security, you can count on uninterrupted sales.

## **Customer engagement**

Create one unified checkout experience along your points of sale. Customers can pay via the 365Pay mobile app across your vending, micro market, or smart store setups.

Grow your machine sales
