

The 365Pay App

Add mobile self-checkout to your 365 Connected Campus

Consumers around the world are loving the ease of our 365 Touchless TransactionsSM. The advantages of being cashless are growing and consumers are continuing to utilize digital payment technologies every day.

The 365Pay App provides the convenience of a single stored value account (GMA) that works seamlessly in MicroMarkets, Vending, and Dining, which allows consumers to not only easily checkout, but manage their own account, auto-fund, review rewards and more.

Everything end users need all in one place

- Increases sales
- Totally Touchless Market Experience
- Works on all 365 devices
- Eliminates your consumer liabilities
- Saves on credit card processing rates
- Customer-managed accounts
- Loyalty program

Don't limit the way your customers pay.
