

Stockwell

Smart, Secure, Unattended

From lunch on the go to daily essentials, the Stockwell delivers a frictionless shopping experience. With its sleek design and simple user experience, consumers are sure to love the added convenience of a smart store right on location

Tap, swipe or scan payment to open the Stockwell, grab products and close the door to complete the transaction.

Deliver a cutting-edge retail experience

- A combination of both room temperature and chilled products, giving consumers more choice to satisfy craving and meet daily needs
- More product variety, outside the confines of a traditional vending machine
- A streamlined purchasing process with no product scanning, letting shoppers quickly get on with their day
- Payment options ranging from tap/insert credit cards and mobile wallets to a stored-value account with the 365Pay app
- Attractive design to fit into the aesthetic of existing spaces

Make the smart choice
