

Stockwell

# Smart, Secure, Unattended

From lunch on the go or an afternoon pick-me-up to daily essentials, the Stockwell delivers a frictionless shopping experience. With its sleek design and simple user experience, both clients and consumers are sure to love it!

## Cutting-edge smart store technology

- Dual-climate zones allowing for both refrigerated and ambient products in one machine
- AI/Machine Learning-driven product recognition eliminates product scanning and reduces friction for the consumer
- Ample merchandising space and support for a variety of product pushers on both refrigerated and ambient sides
- Anonymous tap/insert credit card and GMA payment enabled via 365's pico device
- Attractive design for versatile placement opportunities
- Access to all serviceable components via front panel for easy maintenance
