

Vending looks different now. This is conveniently smart retail

Offer effortless access to essentials:
A modern amenity for your patrons

The PicoAmbient Vision offers your facility a sophisticated, self-service retail solution, providing your employees, residents, or visitors with instant access to snacks, everyday essentials, and more. Say goodbye to outdated vending machines and hello to a sleek, AI-powered amenity that elevates convenience, boosts satisfaction, and modernizes your space.

Elevated user experience

Provide a seamless and modern shopping experience that enhances convenience and satisfaction for everyone in your facility.

24/7 accessibility

Offer round-the-clock access to desired products without the need for staffing, ensuring continuous availability for your patrons.

Modern aesthetic & space efficiency

Replace bulky, traditional vending machines with a sleek, technologically advanced unit that complements your facility's design and optimizes space.
