

# Provide everyday essentials through a secure solution.

Delight your residents with access to in-demand products via a conveniently smart cooler

Create easy, on-site access to fresh food, tasty snacks, delicious beverages, and more! PicoCooler Vision is a secure smart cooler unbound from traditional vending machine spirals. Powered by AI product-recognition technology, consumers simply pay, grab, and walk away. It's that easy.

## Diverse products

Give your residents the essentials they need. With adjustable shelves, we can stock salads, sandwiches, smoothies, and other in-demand items.

## Secure access

PicoCooler Vision is only accessible when payment is provided - eliminating concerns for theft.

## Attractive design

PicoCooler Vision's sleek design and compact footprint means it can serve your residents virtually anywhere - lobbies, rec rooms, fitness areas, and more.

## Effortless checkout

Checkout is as simple as pay, choose, and enjoy. Through our app, repeat buyers can even enjoy rewards and special promotions!

Bring convenience to your residents.
