

High-tech coolers unlocking new opportunities

How will the PicoCooler and PicoCooler Vision benefit you and your consumers?

Product Variety

Broaden merchandising opportunities offering products outside of the limitations of the traditional vending spiral

Location Confidence

Choose locations with confidence. Controlled access doors make it possible to expand into public place

Payment Flexibility

Tap, swipe, or scan cashless payment, including the 365Pay app, at the Pico reader and start shopping

Product Promotion

Display limited-time offers and advertising on the Pico reader's dynamic touch screen

A complete self-checkout experience

PicoCooler Vision

The next evolution in 365 smart unattended retail, in cooler format. Ideal for transient consumer locations.

- Offers consumers a frictionless “take-and-go” retail experience
- Delivers a highly accurate, automated transaction using computer vision technology for product recognition
- Provides a secure check-out for any location, authorizing payment prior to product selection

PicoCooler

A secure, “scan-and-go” take on traditional vending. Give consumers a Micro Market like experience with the ability explore premium refrigerated items prior to purchase.
