## Powerful tools, happy customers

- Compact point of sale provides flexibility to service smaller markets, or to employ multiple kiosks in a larger market
- Offer a variety of cashless payment options\* including tap or swipe card, stored value account payments using market cards or mobile app, or a mobile wallet like Google Pay or Apple Pay
- Boost revenue with on screen advertising and promotions
- Tighten loss prevention reporting by capturing market images within a 185-degree field of view

## Maximize uptime, increase sales

- Reduce maintenance time with easy to open book-like chassis
- Stay online and prevent service calls through built-in battery backup
- Receive real-time notifications of kiosk status
- Ensure audio guidance to return canceled items is heard with internal speakers
