MOBILE SELF-CHECKOUT OFFERING

365Beacon is the mobile addition to The 365 Connected Campus

Through the use of our 365Pay mobile app and 365Beacon, quickly upgrade existing locations or transform any space into a fully functioning market. Provide customers with the capability to scan and pay for products directly from their mobile device, ultimately eliminating long lines and increasing productivity. Through the use of a Bluetooth connection, the 365Pay app and 365Beacon communicate to create a secure and cutting-edge mobile market.
