

Gen 2 Spec Sheet

Introduction

The Gen2 Kiosk offers superior flexibility and is equipped with features aimed at enhancing the operator and consumer experience. It has quickly become an essential part of an unmanned, unlimited MicroMarket.

Payment options include credit and debit cards, user account purchases, branded, pre-paid market cards, and configurable options to facilitate cash acceptance, payroll deduction, and mobile coupons. The Gen2 can be tabletop or wall mounted, providing consumers with optimal flexibility in the MicroMarket design process.

Specifications

Item	Description
Housing	Fiberglass shell with steel frame
Dimensions (HxWxD)	34" x 22" x 13.5"
Electrical	Max current draw – 2.5 A; Max power consumption – 300 W
Weight	115 lbs
Mounting Options	Tabletop

Features

Item	Description
Biometric Reader	Users can access their stored value account using their fingerprint.
Audio Speakers	Users are guided by audio prompts throughout the transaction.
Serviceability	Easily change printer paper and service the bill acceptor on a swivel base.
