

USConnect Nano Standard

Overview

USConnect nano standard follows most of our standard configuration with a custom theme Bistro to Go.

POSID sequence is setup by fulfillment and the standard naming convention is:

XXXXXXXXXXYYZZZ

XXXXXXXXXX – The ten first letters of the affiliate name.

YY – The state where the affiliate is based.

ZZZ – The sequential number for the Bistro to Go by 365 (total for the entire network).

Example: All Star in Michigan – **ALLSTARSERMI21**
