

OrderAhead with 365Lockers

Tech enabled, people-powered onsite food pickup

Introducing 365Lockers powered by 365 Retail Markets and USI

With 365's Dining and OrderAhead Services, you can provide streamlined contactless food delivery and pickup stations with 365Lockers.

Café food pickup is now simplified! 365's innovative food locker technology provides an easy and secure option to pick up orders, at the customers preferred time.

- Compatible with 365 Connected Campus via 365Pay app or mymarketaccount.net
- Eliminate waiting in lines
- Reduce face-to-face interaction
- Easy to use, secure and tamper proof
- Create pick-up efficiencies—reduces order mix-up/confusion
- Compact designs allow for maximum sales volume

It's the next generation of onsite delivery! Get 365Lockers today!

Here's how it works!

It's simple: Order and Pickup

Download the 365Pay app to your mobile device

Create & Fund Account in the 365Pay app

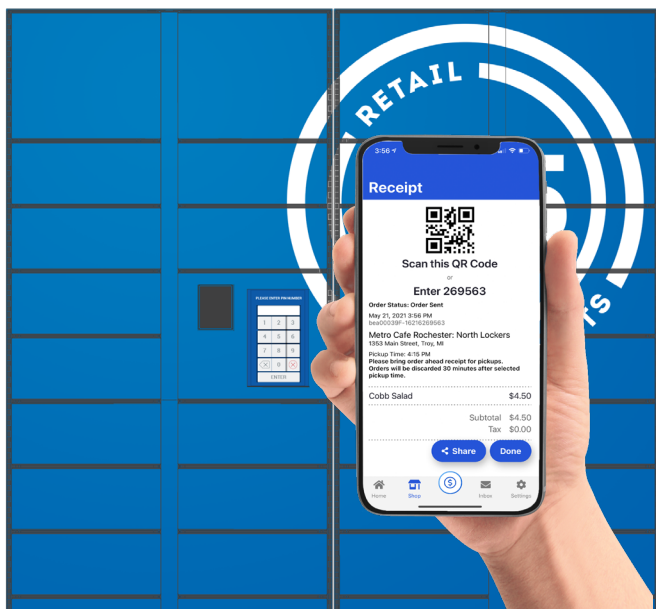

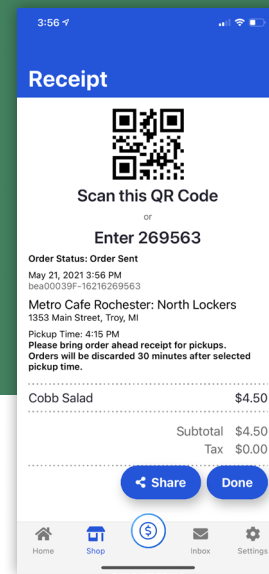

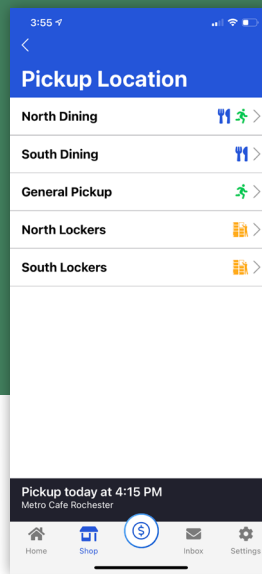

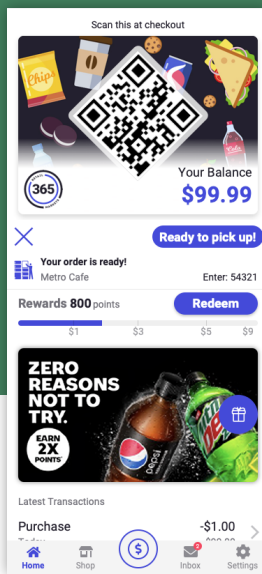

Link to OrderAhead location and tap the locker

Checkout with your order ahead as normal

View locker receipt QR and 6 digit code used for order pickup

Scale with your locations!

Add up to six locker bays to meet your customers needs.

Model Compatibility:

Model 3641 control locker
(18 door) (standalone)

Model 3642 satellite locker
(20 door)
