

The 365 PicoMarket™

The innovative compact, countertop self-service kiosk

Easily expand your customers' grab-and-go checkout experiences anywhere with this small, versatile kiosk that brings you more opportunities. Developed from the power and functionality of the 365 kiosk, the innovative 365 PicoMarket connects consumers to marketplace environments, regardless of industry or office size.

The Perfect Technology for Small Locations

Bring market access anywhere it is needed.

- Space Saving Design: A compact solution that will fit anywhere you want to add unattended retail.
- A Transformative Solution: 365 PicoMarket empowers operators to transform traditional breakrooms and vending spaces into profitable and convenient micromarkets.

Add Scale For Large Organizations

Ideal for scaling 150+ employee environments, additions of 365 PicoMarket to existing micro markets increases employee checkout speeds.

- Increases throughput, eliminating missed sales opportunities.
- Integrates effortlessly with 365's Gen3 kiosk and 365Dining.
- Enhances customer experience's with quick scan and 365Pay app integration that includes Loyalty.

365 PicoMarket Features:

Inspired by the best functionality of our full-sized kiosk

- Easy to use 5" touchscreen interface
- Dynamic payment processing with 365Pay, NFC tap/pay, chip insert and laser barcode scanner
- Versatile connectivity options including cellular, ethernet and WiFi
- Affordable start up costs offering valuable and versatile technology
